

The following persons are not supporting the objectives of the HSAG or the Class Action: **Mrs Elna Visagie** (previously a member of the management team of the HSAG who initiated the proposed class action, but currently in the employment of Mr Georgiou/Orthotouch); **Mr Herman Lombard** (previously a member of the HSAG, but currently in the employment of Mr Georgiou/Orthotouch); **Mr Helgard Hancke** (previously member of the management team of HSAG, but who settled in private and who does not have a vested interest in the HSAG anymore). Kindly inform us on hsactiongroup@gmail.com or hsagwhistle@gmail.com of any such attempts as well as the names of such persons if it comes to your attention.

Should an investor follow the advice of one of the abovementioned parties or third parties who are not mandated by the HSAG, the investor will **not** enjoy the benefits or protection of the HSAG and would have to be able to pay their own costs and expenses.

The HSAG is in no way opposed to the settlement of claims between members of the HSAG and Mr Georgiou/Orthotouch, but only such persons that accept the settlement offers through attorneys of the HSAG (Theron and Partners Attorneys) who will receive such payments and administrate such payments on behalf of and in favour of the specific HSAG members, will enjoy the protection of the HSAG.

All other enquiries by HSAG members and investors must be addressed to hsactiongroup@gmail.com.
